A REPORT OF THE ORGANIZATION
OF
THE TEXAS STATE HISTORICAL ASSOCIATION.

Organization. On the evening of Feb. 13, a number of gentlemen interested in Texas history met in one of the rooms of the University of Texas to discuss the organization of a State Historical Association. The result of the meeting will be seen in the following circular letter, which was issued a few days later and sent to some 250 persons in Texas:

You are cordially invited to be present and take part in a meeting to be held in the rooms of the Commissioner of Insurance, Statistics and History at 8:30 p. m., March 2, 1897, for the purpose of organizing a State Historical Association. The general object of this Association will be the promotion of historical studies; and its special object the discovery, collection, preservation and publication of the materials for the history of Texas. The proposed annual fee for membership is two dollars.

We feel the duty of immediate action in order that the sources of Texas history may be preserved, and we sincerely hope that you will be able to lend your aid.

If you are unable to attend the meeting, but wish to become a member, kindly signify the same on the attached blank, which you will please mail in the enclosed envelope.

The number of responses to this letter was indeed gratifying; nearly one-half the persons invited either attended the meeting or sent their names for membership.

The Association was organized on the evening of March 2, some twenty or thirty persons present. Before proceeding to business, Ex-Gov. O. M. Roberts, in response to repeated calls, pleasantly entertained those present with several anecdotes illustrative of the character of Gen. Thomas J. Rusk. The meeting was then called to order by Prof. George P. Garrison of the State University. Judge Z. T. Fulmore of Austin was made temporary chairman, and Prof. Garrison secretary. After some discussion, the constitution presented by a committee appointed at the informal meeting of Feb. 13, was adopted without material change. Fellows and officers were then elected and the meeting adjourned.

Objects. As stated in the constitution: *The objects of the Association shall be, in general, the promotion of historical studies; and in particular, the discovery, collection, preservation and publication of historical material, especially such as relates to Texas.* It is hoped that the Association will stimulate the production of much historical matter of real worth for presentation at its meetings, and it is intended to publish such matter, as well as original documents, as fast as the finances of the Association will allow. Original articles on any period of Texas history or on any subject connected with Texas history, will be gladly received; a number of such papers will be read before the Association at each meeting.

It is also hoped to ascertain the present location, ownership, condition, etc., of the vast mass of MSS. now in the hands of private persons in Texas, and, if possible, to secure for the Association possession of the originals. Suitable fire-proof vaults will be provided as soon as possible where such papers as the Association shall acquire may be safely stored. Private diaries, family letters, journals of travels, old newspapers, genealogical notices, etc., etc., are of quite as much value in recovering the history of Texas as are state papers and public documents. Members of the Association are especially urged to report to the secretary any information which they may have concerning such documents.

T 31
1897

The Association also hopes to acquire a library and museum. Books and historical relics will be gratefully received. Every Texas author should present to the Association a copy of his works.

Plan of work. It will be noticed that the constitution makes no attempt to outline a definite plan of work for the Association. It was thought best to leave this matter to the executive council. The time, place, and character of the next meeting will soon be announced.
